4. 2022-23 UC Title IX Student Advisory Board (SAB) Deadline Oct. 21

The University of California is recruiting for the 2022-23 UC Title IX Student Advisory Board (SAB). The SAB provides a formal structure for students and the UC Systemwide Title IX Office to continue building and strengthening a collaborative and synergistic relationship. - Knowledge and interest in the area of Title IX and sexual harassment prevention and response
- Willingness and ability to collaborate with colleagues in UCOP, the campus Title IX Office and the campus CARE Office
- Understanding of the overall landscape of their campus and the ability to think broadly and represent students of diverse backgrounds and perspectives
- Availability to serve on the board and participate in board meetings, monthly conference calls, and other calls as needed.

7. **CFP Graduate Student Colloquium: The Politics of Modernism and Beyond Deadline Oct. 22**

**GRADUATE STUDENT COLLOQUIUM**

_UC Davis Comparative Literature_

**The Politics of Modernism and Beyond**

How do politics shape and become shaped by texts? Global politics, personal politics, linguistics, socioeconomic policies, history, and more come to light within all works, such as literary forms, artistic representations, music, sculptures, and other modes of expression. While some may argue that Modernism is the most obviously contingent upon politics, these are discussions that can also be held about times “beyond” Modernism temporally, be it before or after: Thus, any form of “politics” and any time “around” Modernism is welcome, on any genre of what may constitute a “text” aesthetically.

Please submit a 250 word abstract to slerner@ucdavis.edu by **Saturday, 22 October, 2022**. The event is set to take place in late January 2023.

If you are interested in taking part in a roundtable discussion, please submit to the above email address a brief biography, maximum of 200 words, detailing your academic background and research history and interests.

Participants should bring a draft of their own SoTP to the workshop to review and revise. Participants are also encouraged to access and complete the self-paced online module, “Developing a Statement of Teaching Philosophy for Academic Job Applications” prior to attending the session.
